RE CREA TIONAL

Recreational kayaking involves leisure activities for the casual paddler on lakes, inlets, or flatwater streams. Recreational kayaks are characterized by a large cockpit opening for easy entry and exit, a wide hull for increased stability on the water, and a medium length for compromise between speed and maneuverability.

Due to the wider hull, recreational kayaks will not track as well as sea kayaks but the extra stability makes them suitable for a wide range of paddlers and skill levels. They generally have less cargo space as well as limited capacity to keep water out of the boat since they are meant exclusively for calm water paddling.

They come in solo and tandem models, can be used in a variety of settings, and are the perfect option for individuals or families looking for relaxed fun on the water.

HOBIE KAYAK EUROPE HOBIE MIRAGE TANDEM ISLAND

If a puff of wind hits and the Hobie Mirage Tandem Island's leeward ama chisels into the water, its efficient, square-topped mainsail immediately translates increased wind speed into extra boat speed. The Tandem Island's two-piece carbon-fiber rig minimizes weight aloft—thus stiffening the ride—and both cockpits are fitted with steering and sail-handling controls, allowing sailors of all abilities to share the experience. Best yet, the Tandem Island is equipped with enough hatches and on-deck stowage for multi-day escapes. This is Hobie's ultimate blue water hunter, capable of marlin-teasing trolling speeds.

LENGTH: 5.64 M - WIDTH: 3.05 M - WEIGHT: 90 KG - MAX. CAP.: 272 KG - LEVEL: HIGH END - DIFFERENT SIZES AVAILABLE: HOBIE MIRAGE ADVENTURE ISLAND

PERCEPTION | SCOOTER GEMINI

Cruise with confidence whatever your experience with a smooth and predictable ride. True directional stability comes without compromising on maneuverability thanks to the combination of our Tracking Hull, upswept bow and perfectly balanced volume distribution. Paddle with two, or make it a family outing for a small child or the family pet. Paddling solo is also no problem from the center seat. Keeping the same cool lines, profile and fun colors as the single Scooter, it is one of the most popular choices around. Our iconic molded through handles make this boat extremely manageable to carry that is especially useful on family outings where not all paddlers are able to help out.
